A

CATALOGUE

OF

MEDICAL BOOKS.

A Syſtem of Surgery. By BENJAMIN BELL, Member of the Royal Colleges of Surgeons of Ireland and Edinburgh, &c. Illuſtrated with Copper-plates. New Edition. 6 vols. 8vo, *2 l. 2 s. bound.*

A Treatiſe on the Theory and Management of Ulcers, with a Diſſertation on White Swellings of the Joints. To which is prefixed An Eſſay on the Chirurgical Treatment of Inflammation, and its Conſequences. By BENJAMIN BELL. A new Edition. 8vo, *7 s. bound.*

An Enquiry into the Cauſes which produce, and the Means of preventing Diſeaſes among Britiſh Officers, Soldiers, and others, in the Weſt Indies; containing Obſervations on the Mode of Action of Spirituous Liquors on the Human Body; on the Uſe of Malt Liquors; and on ſalted Proviſions; with the moſt proper Means of preſerving them, &c. &c. By JOHN BELL, M. D. Member of the Royal Medical Society of Edinburgh, Phyſician in London, and formerly Surgeon to the late 94th, and to the 5th, or Northumberland Regiment of Foot. 8vo. *boards, 3 s. 6 d.*

Obſervations on the Diſeaſes of Seamen. By GILBERT BLANE, M. D. F. R. S. S. Lond. and Edinb. 8vo. the Second Edition, *boards, 6 s.*

A Treatiſe on Putrid Inteſtinal Remitting Fevers; in which the Laws of the Febrile State and Sol-Lunar Influence being inveſtigated and defined, are applied to explain the Nature of the various Forms, Criſes, and other Phænomena of theſe Fevers; and thence is deduced and inſtituted an improved Method of curing them. By FRANCIS BALFOUR, M. D. 8vo, *boards, 6 s.*

An Account of the Diſeaſes, Natural Hiſtory, and Medicines of the Eaſt Indies. Tranſlated from the Latin of JAMES BONTIUS. To which are added, Annotations by a Phyſician. 8vo. *bound*, 5 *s.*

Obſervations on the Diſeaſes which prevail in Long Voyages to Hot Countries, particularly on thoſe in the Eaſt Indies, and on the ſame Diſeaſes as they appear in Great Britain. By JOHN CLARK, M. D. Fellow of the Royal College of Phyſicians at Edinburgh; Phyſician to the Infirmary and Diſpenſary at Newcaſtle, &c. The Second Edition, much improved and enlarged. 2 vols. 8vo, 10 *s. boards.*

☞ The Parts of this Work which give an Hiſtorical Account of the Diſeaſes which uſually occur in long Voyages, which prevail in various Places of Aſia, and which treat of the Means of Prevention, are intended for the Peruſal of Gentlemen in general, but more eſpecially of Officers, on whom the Health of the Men depends. Theſe Subjects are, therefore, treated in as perſpicuous a Manner as poſſible, and all technical Terms avoided.

Obſervations on the Epidemical Diſeaſes in Minorca, from the Year 1744 to 1749. To which is prefixed, a ſhort Account of the Climate, Productions, Inhabitants, and Epidemical Diſtempers of that Iſland. By GEORGE CLEGHORN, M. D. Lecturer of Anatomy in the Univerſity of Dublin, formerly Surgeon to the 22d Regiment of Foot. 4th Edition, 5 *s.*

A Brief Hiſtory of the late Expedition againſt Fort San Juan, ſo far as it relates to the Diſeaſes of the Troops; together with ſome Obſervations on Climate, Infection, and Contagion; and ſeveral of the Endemial Complaints of the Weſt Indies. By THOMAS DANCER, M. D. Phyſician to the Troops on that Service. 4to, 2 *s.* 6 *d.*

Eſſays on the Hepatitis and Spaſmodic Affections in India; founded on Obſervations made whilſt on that Service with his Majeſty's Troops, in different Parts of that Country. By THOMAS GIRDLESTONE, M. D. 8vo, 2 *s.*

Obſervations on the Diſeaſes of the Army in Jamaica; and on the beſt Means of preſerving the Health of Europeans in that Climate. By JOHN HUNTER, M. D. F. R. S. and Phyſician to the Army. 8vo, 6 *s. bound.*

Obſervations on the Changes of the Air, and the Concomitant Epidemical Diſeaſes, in the Iſland of Barbadoes. To which is added, A Treatiſe on the Putrid Bilious Fever, commonly called the Yellow Fever; and ſuch other Diſeaſes as are Indigenous or Endemial in the Weſt India Iſlands, or in the Torrid Zone. By WILLIAM HILLARY, M. D. 8vo, 5 *s.*

A Treatiſe on the Fevers of Jamaica, with ſome Obſervations on the Intermitting Fever of America, and an Appendix, containing ſome Hints on the Means of preſerving the Health of Soldiers in hot Climates. By ROBERT JACKSON, M. D. 8vo, 6 *s.* 6 *d. boards.*

An Eſſay on Diſeaſes incidental to Europeans in hot Climates; with the Method of preventing their fatal Conſequences. By JAMES LIND, M. D. F. R. S. Edinburgh, &c. To which is added, An Appendix, concerning Intermittent Fevers, and a ſimple and eaſy Way to render Sea Water freſh, and to prevent a Scarcity of Proviſions in long Voyages at Sea. The 5th Edition. 8vo, 5 *s. boards.*

A Treatiſe on the Putrid and Remitting Marſh Fever, which raged at Bengal in the Year 1762. By JAMES LIND. 12mo. 1 *s.*

Letters and Eſſays on the Small Pox and Inoculation, the Meaſles, the Dry Belly Ache, the Yellow and Remitting, and Intermitting Fevers of the Weſt Indies. To which are added, Thoughts on the Hydrocephalus Internus, and Obſervations on Hydatides in the Heads of Cattle. 8vo, 5 *s. bound.*

A Treatiſe on Tropical Diſeaſes, and on the Climate of the Weſt Indies. By BENJAMIN MOSELEY, M. D. Phyſician to his Royal Highneſs the Duke of York, and his Houſehold, and Member of the Royal College of Phyſicians of *London.* 2d Edition, 7 *s.*

Obſervations on Hepatic Diſeaſes, incidental to Europeans in the Eaſt Indies. By STEPHEN MATHEWS, Surgeon in the Honourable United Eaſt India Company's Service; and formerly of the Duke of Portland Eaſt Indiaman. 5 *s.*

Obſervations on the Means of preſerving the Health of Soldiers, and of conducting Military Hoſpitals, and on the Diſeaſes incident to Soldiers in the Time of Service, and on the ſame Diſeaſes as they have appeared in London. By DONALD MONRO, M. D. 8vo. 2 vols. 10 *s. bound.*

A New

A New Medical Dictionary, or General Repoſitory of Phyſic; containing An Explanation of the Terms, and a Deſcription of the various Particulars relating to Anatomy, Phyſiology, Phyſic, Surgery, Materia Medica, Chymiſtry, &c. &c.: Each Article, according to its Importance, being conſidered in every Relation to which its Uſefulneſs extends in the Healing Art. By G. MOTHERBY, M. D. C. M. S. 3d Edition, reviſed and corrected, with conſiderable Additions. By GEO. WALLIS, M. D. S. M. S. Lecturer on the Theory and Practice of Phyſic, London. Folio. Price £. 2. - 10 s. *bound.*

The Marine Practice of Phyſic and Surgery. By WILLIAM NORTHCOTE, Surgeon. 8vo, 2 vols. 14 s. *bound.*

Obſervations on Fevers and other Diſeaſes which occur on Voyages to Africa, and the Weſt Indies. By ROBERT ROBERTSON, M. D. Phyſician to the Royal Hoſpital at Greenwich. 4to. *boards*, 12 s.

Obſervations on Jail, Hoſpital, or Ship Fever, from 4th April 1776 until 30th April 1789, made in various Parts of Europe and America, and on the Intermediate Seas. By ROBERT ROBERTSON, M. D. Phyſician to the Royal Hoſpital at Greenwich. 8vo. *boards*, 7 s.

An Eſſay on Fevers; wherein their Theoretic Genera, Species, and various Denominations are, from Obſervation and Experience, for thirty Years, in Europe, Africa, and America, and on the Intermediate Seas, reduced under their Characteriſtic Genus, Febrile Infection; and the Cure eſtabliſhed on Philoſophical Induction. By ROBERT ROBERTSON, M. D. Phyſician to the Royal Hoſpital at Greenwich. 8vo. *boards*, 5 s.

A Treatiſe on the Synochus Atrabilioſa, a Contagious Fever, which raged at Senegal in the Year 1778, and proved fatal to the greateſt Part of the Europeans, and to a Number of the Natives. To which is prefixed, A Journal of the Weather during the Prevalence of that Diſeaſe, with Remarks on the Country; formerly read at the Royal Society: And annexed to it, a ſhort Reflexion on the Gum Trade of Senegal, and the Importance of the Place on that Account; concluding with an Argument concerning the bad Conſequences which muſt attend the preſent Mode of ſending Convicts to Africa for Soldiers. By J. P. SCHOTTE, M. D. 8vo. 2 s. 6 d.

An Eſſay on the Scurvy: Shewing Effectual and Practicable Means for its Prevention at Sea. With ſome Obſervations on Fevers, and Propoſals for the more effectual Preſervation of the Health of Seamen. By FREDERICK THOMSON, a Surgeon in the Royal Navy. 8vo. *boards*, 4*s*.

Obſervations on the Scurvy; with a Review of the Opinions lately advanced on that Diſeaſe, and a New Theory defended, on that approved Method of Cure, and the Induction of Pneumatic Chemiſtry: Being an Attempt to inveſtigate that Principle in recent Vegetable Matter, which alone, has been found effectual in the Treatment of this ſingular Diſeaſe; and from thence to deduce more certain Means of Prevention than have been adopted hitherto. By THOMAS TROTTER, M. D. 2d Edition, *boards*, 4*s*.

Medical Advice to the Inhabitants of Warm Climates, on the Domeſtic Treatment of all the Diſeaſes incident therein; with a few uſeful Hints to New Settlers, for the Preſervation of Health and the Prevention of Sickneſs. By ROBERT THOMAS (late of the Iſland of Nevis) Surgeon. To the Work are prefixed ſome Obſervations on the proper Management of NEW NEGROES, and the General Condition of Slaves in the Sugar Colonies; alſo, a Liſt of the Medicines recommended in the Treatment of Diſeaſes; and an Explanatory Table of the Weights and Meaſures uſed by Apothecaries. 8vo. Price 6*s*. in *boards*.

A Paper on the Prevention and Treatment of Diſorders in Seamen and Soldiers in Bengal. Preſented to the Honourable Court of Eaſt India Directors, in the Year 1791. By JOHN PETER WADE, M. D. of the Honourable Eaſt India Company's Bengal Eſtabliſhment. 8vo. Price 6*s*.

The Nature and Effects of Emetics, Purgatives, Mercurials, and Low Diet, in Diſorders of Bengal and ſimilar Latitudes. By JOHN PETER WADE, M. D. of the Honourable Eaſt India Company's Bengal Eſtabliſhment. 8vo. *boards*, 6*s*.

Select Evidences of a ſucceſsful Method of treating Fever and Dyſentery in Bengal. By JOHN PETER WADE, M. D. of the Honourable Eaſt India Company's Bengal Eſtabliſhment. 8vo. 6*s*. *boards*.
